The purpose of this annual event is to celebrate ROBLOX's birthday and give players badges for completing The Admin's tasks every day until October 15th. The badge is called BLOXtagger and can be worn on your profile for the year. The tasks were also modified to let you earn the badges by simply logging in every day. If you do not already have a badge, then you will gain one once you have logged in every day for two days consecutively. At the end of BLOXtober, ROBLOX held a contest called RoblXtheRave, where people were given a chance to win a large sum of money in cash by answering trivia questions that were asked throughout October 11th-13th.

In 2021, a new logo was introduced to represent the company: it consisted of a white capital letter "O" on a black background. The logo underwent several changes under various visual design changes during this period. The "O" was sundered into two smaller, green squares with rounded bottoms that closely resembled the shape of the letter "L", which remained in use until 2021. In 2021, ROBLOX released an entirely new logo based on the previous one: this iteration featured a black capitalized "R" on a white background. It was designed to feature the company's name without any visual association to the original logo. The previous logo is still in use today, albeit with a thicker frame.

ROBLOX is a company characterized by its community-based culture. The developers at ROBLOX have stated that they are completely open to third party developmentâ€"the only restriction on what is considered acceptable and permissible is that all products must be compatible with ROBLOX's Terms of Service. For example, Jailbreak offers a premium feature which allows players to purchase more life points. As the game is free, there is no way for them to gain XP in the traditional sense. Instead of implementing XP via cash or coin drop-rates (as would be done in a game that relies on premium features), they offer more life points as a way to make it easier for players if they choose to purchase them. Free games also don't have an option of offering premium features that modify their economies or XP systems. Therefore, they usually offer only the default system as an option for non-Premium members.
