I love Roblox, but sometimes it's hard to keep the game up and you seem to be forced to buy certain games. I also remember back when Minecraft was first released, how difficult it was to find anyone who was willing to play with you or help you if your work didn't work out; but I did find my lovely wonderful best friend through Roblox and we play together every single day. Even though there is no one on my friends list, I can still go into Roblox and join a game with other people. When I do that, my friend will always join me if she's in the same room. But even so, I never have any actual friends in-game

because it becomes a very lonely experience as time progresses.
