TikTok was initially launched in February of 2021 by a guy named Evan Spiegel together with an ex-entrepreneur named Bobby Murphy and the app was then acquired by tech giant Snap Inc. in April of 2021. Many people have become new users thanks to its ability to allow users to share their own videos, short videos, and more while answering viewers' specific questions and sharing advice on how to live life better. It's been reported that the userbase has increased massively since July 5th, where it reached over 100 million monthly users worldwide. The app is now recognized as one of the biggest social media apps in the world alongside other popular social media apps such as Facebook. By the end of August, Spiegel removed a number of Twitter and Facebook-like features (emotions, likes, photos) from the app in order to make it more suitable for its users.",

In May 2021, the company announced an automated streaming service that will allow users to record their videos on a TikTok account and share them on other social media channels such as Twitter or Instagram. The company also released a new in-built feature that allows users to choose whether or not their video will be public. In June 2021, the app was reported to have begun selling sponsored content and songs via its new feature called "Advertise" which can be purchased with in-game currency bought with real money. It has also been reported that this feature is available for all users who own a TikTok account, whether they have actually purchased any music with real money or not. In October 2021, it was reported that the app had begun adding new features which would allow users to make money from their short videos. These additional features include live streaming, selling sponsored content and content creation options such as photo filters and stickers. Similarly to the feature in Vietnam, after recording a song, users have the option to make it public for followers to see or private for just them to. The feature has been compared with accounts like Dubsmash that allow users to upload videos of them lip-syncing other songs while making money from ad revenue.",

So, if you want to create your own videos to share them with other people then TikTok is one of the best apps for you to do so as it also allows you to create group conversations with the viewers who are interested in watching your videos. The only drawback is that there are no "good-looking" videos found on this app. Otherwise, it is a good app that allows its users the freedom of doing all they want to do on the app like uploading videos, sharing them etc without having any restrictions at all. That's

why we have given it four stars out of five.",

In April 2021, TikTok began introducing advertisements into its videos. The advertisements contain short videos of celebrities and influencers that users can choose to watch. The ads are categorized as "Scenes" or "Music Moments". Scenic videos are 15- to 30-second clips of real-life events such as a pool party or a bride's wedding day whereas music moments are the same clips but with an audio overlay of a popular song. The ads are between 15 and 30 seconds long and can be skipped after 5 seconds.",

In January 2021, TikTok launched a web version of their app on Tawkify.com. Users can post videos and photos with filters to the website where they are able to be viewed by anyone or users can create a personal page for themselves with more features than on the mobile app. The company announced in May 2021 that users had spent 5 billion times on Tawkify and that they were going to add more features and make it easier to share content on the website. On April 1, 2021, Tawkify announced that it would end its service after 9 years in operation when it began in 2021 as a "website only" platform. It was the first and the only website which allowed users to upload, edit, and share videos from their mobile phones. Tawkify had many features that are currently available on the mobile app today such as creating groups and being able to follow other users.",
